

# NOTICE OF ROAD CONSTRUCTION IN SALDANHA

Extension of the road running from Langebaan to Saldanha to intersect the Vredenburg road, and the re-alignment of Camp Street in the direction of Saldanha.

The Western Cape Government is working hard to maintain our roads. Please drive carefully during this period of construction. Let us work together to ensure that our roads are safe. **BETTER TOGETHER.**

**BETTER TOGETHER.**

The contract was awarded to Power Construction in December 2016. The contract period is approximately 18 months and the anticipated completion date is November 2018. The project will consist of a roundabout at the intersection with the Vredenburg road, a bridge over the railway line, and a new road with a single lane in each direction. This new road could in future become the east-bound carriageway of a dual carriageway. In addition, a short section of Camp Street will be re-aligned.

Traffic will be accommodated on the existing road (Camp Street) and on temporary deviations. At certain times, signalled one-way traffic will be necessary. No full road closures will take place. The safety and convenience of the travelling public are of utmost importance and every effort will be made to ensure that all temporary road signs, cones, flag operators and speed controls are maintained and are effective, and that courtesy is extended to the public. The contractor will make use of approved methods to control the movement of equipment and vehicles, so as not to constitute a hazard on public roads.

The public is requested to be patient and exercise caution when using the road.
