

Library Week 2004 2004 2004 Biblioteekweek

A simple but bold slogan for what has become one of the highlights of every year in the library world, Library Week. A week filled with frenzied activities and often the most unusual and inspiring projects dreamt up by creative and dedicated librarians. Join us in a pictorial journey in which the planning and preparation that go hand in hand with this project is self-evident.

Daar was iets vir almal in die talle aktiwiteite wat aangebied was - van karaoke tot marionettespel, demonstrasies deur reddingswerkers, 'singalongs' vir die ouer garde, kralewerk vir die jonges, demonstrasies deur entrepreneurs - in kort - talle spesiale projekte wat u saam met ons op die fototoer kan geniet. Dankie vir die talle bydraes wat ons ontvang het en onthou net, indien biblioteke nie hier verteenwoordig is nie, was die foto's ongelukkig nie bruikbaar nie.
