AIDS is a disease that affects millions of South Africans. It is caused by a virus called HIV that slowly weakens a person's ability to fight off other diseases.

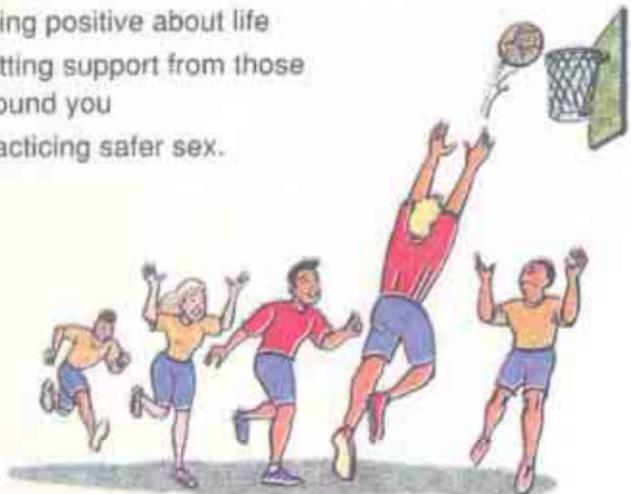

VIGS is 'n siekte wat miljoene Suid-Afrikaners raak. Dit word veroorsaak deur 'n virus genaamd HIV, wat geleidelik 'n persoon se weerstand teen ander siektes aftakel.

I-HIV/AIDS yisifo esihlasela amagidi-gidi abantu eNingizimu Afrika. Yisifo esibangelwa yigciwane (ivayirasi) ebizwa ngokuthi yi-HIV ebulala amasosha omzimba alwa nezifo.

AIDS ke lefu le tshwarang dimiliyone tsa batho ba Afrika Borwa. E bakwa ke kokwanahloko e bitswang HIV e fokodisang bokgoni ba motho ba ho lwantshana le mafu butle-butle.

If you are infected with HIV you can still lead a normal healthy life for many years by:

- taking care of your health
- being positive about life
- getting support from those around you
- practicing safer sex.

As jy met HIV besmet is, kan jy steeds baie jare lank 'n normale, gesonde lewe lei deur:

- om te sien na jou gesondheid
- positief te wees oor jou lewe
- ondersteuning te kry van mense na aan jou
- veiliger seks te beoefen.

Uma ungenwe yi-HIV ungakwazi ukuphila impilo kahle iminyaka eminingi

- ngokunakekela impilo yakho
- ngokuba nombono omuhle ngempilo
- ngokusekelwa yilabo ophilisana nabo
- ngokuya ocansini ngendlela ephephile

Ha o na le tshwaetso ya HIV o ka nna wa phela hantle bakeng sa dilemo tse ngata ka:

- ho hlokomela bophelo ba hao
- ho dula o na le tshepo bophelong
- ho fumana tshehetso ho tswa ho bao o phelang le bona
- ho ba le thobalano e bolokehileng.

Taking care of your health includes:

- eating properly
- getting exercise
- getting enough rest.

Jy kan na jou gesondheid omsien deur onder ander:

- reg te eet
- liggaamlike oefening te kry
- genoeg te rus.

Ukunakekela impilo yakho kubandakanya lokhu:

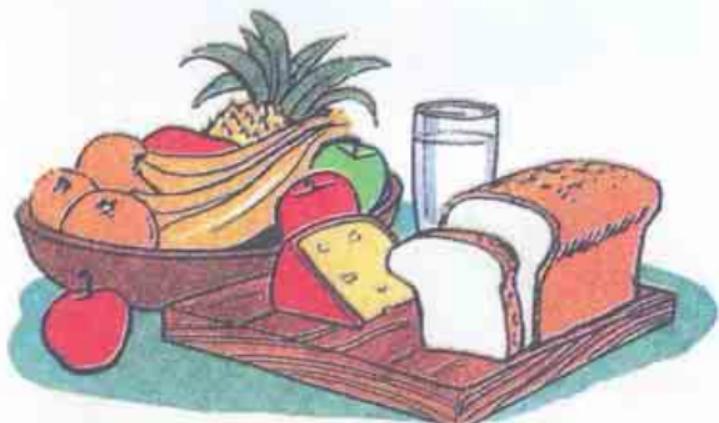

- ukudla ukudla okunomsoco
- ukwelula umzimba
- ukuphumula ngokwanele.

Ho hlokomela bophelo ba hao ho kenyelletsa:

- ho ja dijо tse nepahetseng
- ho ikwetlisa
- ho fumana phomolo e lekaneng.

Eating healthily can help your body fight diseases. This includes:

- eating a lot of fresh fruits and vegetables
- eating whole grains such as samp and brown bread
- avoiding junk foods
- drinking lots of water
- avoiding alcohol, smoking and drugs
- keeping your cooking and eating area clean.

As jy reg eet, help jy jou liggaam om siektes te bestry.
Doen die volgende:

- eet bale vars groete en vrugte
- eet volgraanvoedsel soos samp en bruinbrood
- vermy kitskos
- drink bale water
- vermy alkohol, sigarette en dwelms
- hou jou kook- en eetgebied skoon.

Ukudla okunomsoco kungasiza umzimba wakho ukulwa nezifo

- ukudla kakhlulu izithelo nemifino (amaveji)
- ukudla ukudla okumahadla hadla okufana nesitambu, nesinkwa esibrawuni
- ukugwema ukudla izidlo ezithosiwe zasezitolo
- ngokuphuza amanzi kakhlulu
- ngokugwema ukuphuza utshwala, ukubhema, kanye nezidakamizwa (amadragi)
- ukugcina indawo ophekela nodlela kuyo ihlanzekile.

Ho ja dijo tse hahang mmele ho ka thusa mmele wa hao hore o Iwantshane le matu. Hona ho kenyelletsa:

- ho ja ditholwana le meroho e mengata e foresh
- ho ja dijo tse nang le koro tse jwalo ka setampo le borotho bo bosootho
- ho se je dijo tsa di-*fast food* haholo
- ho nwa metsi a mangata
- ho se nwe jwala, ho se tsube, le ho se sebedise dithetefatsi
- ho boloka sebaka seo o phehelang le ho jella ho sona se hlwekile.

A positive attitude towards life can be developed by:

- setting goals in life
- believing in yourself
- looking at the positive side of things
- knowing your strengths and weaknesses.

Jy kan 'n positiewe ingesteldheid teenoor die lewe ontwikkel deur:

- doelwitte in jou lewe te stel
- in jouself te glo
- die positiewe kant van dinge raak te sien
- bewus te wees van jou sterk- en swakpunte.

Ukuba nombono omuhle ngempilo kungenziwa ngokulandelayo:

- ukuba nezinjongo empilweni
- ukuzethemba
- ukubheka ngasohlangothini oluhle lwezinto
- ukwazi lapha oqine khona nalapha obuthakathaka khona.

Ho ba le maikutlo a tshepo bophelong ho ka ntshetswapele ke:

- ho itlhomela seo o batlang ho se etsa bophelong
- ho itshepa
- ho sheba dintho ka lehlakoreng le letle
- ho tseba matla le bofokodi ba hao.
