Budget decisions

The departmental management and the MEC engaged in strategic planning in order to deliver on our strategic imperatives despite the budget rationalisation:

Create a social legacy using the impetus of the 2010 FIFA World Cup in 3 major areas of focus viz. Sport Legacy, Cultural Legacy and Major Events.

Introducing additional hubs and clusters for the further roll out of the Mass Participation Programme.

An increase in the library conditional grant funding from national government to further assist municipalities in the delivery of the library services mandate.

As has been done in prior years, the department developed a list of policy options as part of the MTEC processes, with significant funding implications. Apart from the conditional grants, the department received a marginal increase in real terms.

Creation of the new approved macro structure by establishing the Office of the Director: Strategic Planning, Office of the Director: Museums and Heritage Resource Management Services, and Office of the Director: Sport Participation.

2. Review 2009/10

The 2009/10 financial year was characterised by the receipt of additional conditional grant funding to assist municipalities with the delivery of library services and the further roll out of the Sports Mass Participation Programmes.

The service delivery outcomes that were achieved by the department during the 2009/10 financial year are summarised as follows:

The Department expanded its footprint in the Witzenberg area where it enabled rural communities to interact and acquire skills in various art forms usually not easily accessible to them. A successful Dance Initiative was presented in the Witzenberg region which was an extension of the Artsweek held in the region during Youth Month. This was complimented with skills training in photography, music, craft and literary arts.

The categorised annual funding process is inclusive of a training phase which equips and enables community based arts organisations to access other funding sources. The initiative of the Department to implement its Cultural Forum Strategy has further developed with the formation of District Cultural Forums as recommended in the monitoring and evaluation report on the process.

Collaborations with key roleplayers has yielded positive results with the placement of interns from rural community organisations with the Suidoosterfees and financial assistance to 115 beneficiaries in the arts, culture and heritage sectors. Further the puppetry initiative in the Eden District has succeeded in conveying cultural traditions to communities and tourists in an innovative and informative manner.

Extensive stakeholder engagements focused on establishing five provincial public viewing areas (FanJols) for the 2010 FIFA World Cup tournament. In addition, a programme of profile raising for the event was completed, through hosting of Fanjols in each of the Districts, marketing and publicity; a national symbols programme and the purchase, launch and installation of count-down clocks in each of the Districts.

Continuation of a football development programme, including the “Street football/Playground football” programme; the Ambassadors programme; a skills development programme; the “Stars in their Eyes” programme and initiation and completion of the Buyela eBaleni Programme.

The proposed new Museum legislation was drafted and consulted with stakeholders in the province. The proposal was received with appreciation, and the feedback was incorporated into the revised policy document.

The upgrading of the George Museum in preparation for a new exhibition to be opened in time for the 2010 FIFA World Cup also commenced, thanks to the guidance and assistance of the Department of Transport and Public Works.

Interviews with elder members of the community were transcribed and analysed and a poster series was produced that tell the story of this community’s struggles under the title “Hill stories from Citrusdal”. This project was handed over to the community of Citrusdal on Reconciliation Day, 16 December 2009.

The transformation of the exhibitions at the Beaufort West Museum continued with work for the new exhibition on the contribution of late Professor Chris Barnard and medical science and for an exhibition of historic photographs from the museum’s extensive collection. The SA Sendinggestig Museum’s historic building in Long Street, Cape Town, has been extensively restored by the Museum Trust and work on a new exhibition has commenced.

More regional travelling exhibitions – “Places of slave remembrance” – were completed and are currently travelling to affiliated museums throughout the Western Cape.

The Department provides education services to learners at affiliated museums. These services are generally of a high standard. Where learners are not able to visit museums, an outreach programme has been developed to take the museum to schools. Generic education programmes that relate to the school curriculum are being developed and most museums have some relevant resources to present these to their local schools. Themes that are presented include historic mission settlements, archaeology and slavery.

The Heritage Resources Management Services Unit has broadened its cope of heritage awareness and preservation to include previously marginalised heritage. The Community House, a site of activism and trade unionism has been considered for a Provincial Heritage status.

The Provincial Language Services section and its associated functions have been successfully transferred to the Department of Cultural Affairs and Sport from the Department of the Premier. A Provincial Language Forum consisting of all Language Practitioners employed in the Western Cape Provincial Government Departments has been established and meets bi-monthly.

The Department has started establishing book clubs in the Western Cape to enhance the culture of reading and writing in communities. It also hosted workshops on Creative Writing in isiXhosa and continues to assist talented authors in getting their work published. Subsequent to research into communication difficulties experienced by deaf learners and their families, the Department embarked on a project to teach Sign Language to parents and families of deaf children.

Five book trolley depots were established during the financial year. The following communities benefited: Avontuur (Eden District Municipality); Vleiland (Laingsburg Municipality); Mandlenkosi (Beaufort West Municipality), Versfeld (Berg River Municipality) and Koue Bokkeveld (Witzenberg Municipality).

The Gouda Library opened in October 2009. The Drakenstein Municipality received R2 million for this project during the previous financial year.

The training of record management staff continued during the year, including key staff in the offices of the new ministers in the Western Cape Cabinet.

The Department, in collaboration with the national Department of Arts and Culture and the Dutch Government and the Nationaal Archief in The Hague, is taking part in a world-wide project to preserve the shared heritage documentation associated with the Dutch East India Company. Some of these records are importance sources for genealogical research and for a better understanding of the early history of the Cape.

ICT projects were introduced at rural public libraries. Communities receive free access to ICT and Internet at public libraries. This project is funded from the conditional grant for community libraries.

Expanded the Sport School with the intake of an additional 47 learners.

Finalised the signing of the Memorandum of Agreement (MoA) with Western Cape Education Department (WCED) for the joint implementation of school sports programmes in schools and policy development.

3 Schools participated in the exchange programme in the UK being a direct result of the twinning agreement and also hosted the UK counterparts in their schools.

Established 7 new school clusters as part of the Mass Sport and Recreation Participation Programme.

3. Outlook for 2010/11

The heart of our plan is aimed at uniting people through sport and culture to fully appreciate the common interest that binds us as a nation. We will create opportunities for all to participate in all these areas of human endeavour. **The Department believes that its success will be measured by** an increase in participation and consumer numbers in sport and culture.

The challenge for the 2010/11 year will be to improve on what we have already achieved although we have fewer resources to achieve our goals. The revised preliminary budget allocation will mean that the department has had to revise its targets, however, it should be stated that no services will be abolished and the quality thereof compromised. Targets have been realigned to available funding.

The Implementation of the new approved macro structure by filling the new SMS posts of Director: Strategic Support, Director: Museums and Heritage Resource Management Services, Director: Sport Participation and Chief Director: Sport will ensure a coherent strategic direction for DCAS and an enhancement of service delivery.

In the area of cultural affairs:

The component will intensify its internship programme, through facilitating opportunities for youth to work with and shadow established practitioners.

In preparation for 2010, the museum service is producing a travelling exhibition on National Symbols. This exhibition is aimed at educating youth about these symbols and their representations as part of social cohesion and nation building. It also aims at showcasing the South Africa's diversity and inculcates values such as tolerance and dignity.

In addition, The George Museum is receiving an enormous facelift through ongoing internal and external renovations and a new permanent exhibition at the Sayers Hall and a temporal exhibition on Forced Removals and its impact on the community of George. These projects are anticipated to upgrade the role of the museum to the community and increase its visitors. Exhibitions at Worcester Museum are being restructured and modernised. Various stakeholders will be consulted on the progress of a new museum exhibition business plan.

We will implement the approved Provincial Language Policy and empower the Western Cape Language Committee to evaluate and monitor the implementation. Through this service we will co-ordinate and promote pride, tolerance and an understanding of a multilingual society with our strategic partners. This component will also develop previously marginalised indigenous languages, sign language and grow and expand the annual isiXhosa Festival.

Libraries and archive services remain an important tool to ensure that we increase social cohesion and improve the literacy levels of especially our youth. In this regard the department will

- provide library material, books and other formats to public libraries;

- roll out a further five book trolley depot sites will be established in 2010/11 as part of the Conditional Grant;

- Assist literacy projects at public libraries;

- Implement planning to replace the CPALS library and information system. (The new system, called Brocade will go live during the last quarter of the financial year.); and

- Continue the ICT project to give rural libraries internet access.

Promote archives and records management to create awareness and the encouragement to use related activities via the National Archives Week. In particular we will introduce youth to archival and records management activities especially in teaching them how to conduct oral history and genealogical research.

Our 2010 programme will focus on the following:

- Research in all regions at selected museums for regional exhibitions focussing on the football heroes of each region.

- Incorporation of arts, culture and heritage programmes into the 2010 FIFA World Cup, in collaboration with national, provincial and local initiatives.

- Implementation of our 2010 schools programme.

- Implementation of the public viewing areas and football development activities to ensure our people do indeed “touch” the world cup.

In the area of sport and recreation:

- The department will support additional hubs and clusters for the further roll out of the Mass Participation Programme.

- Special talent identification camps will be arranged to identify learners with potential especially from rural and peri-urban areas.

- Expansion of the Sport School to accommodate additional facilities and learners. Our aim is to make sure that all children (especially those from disadvantaged areas) engage in goal directed physical or cultural activity. The introduction of piloted modified school sport programmes after school will lead us on the correct path in this regard.

Finally the department will improve its processes of support to all its beneficiaries thereby ensuring the efficient and effective use of resources.

Programme 2: Cultural Affairs

Purpose: To promote, develop, manage and transform arts, culture, museums and language services and to manage the identification and conservation of the cultural and historical resources of the Western Cape for the benefit of current and future generations by rendering a variety of services as required and prescribed by relevant legislation.

Analysis per sub-programme:

Sub-programme 2.1: Management

to provide strategic managerial support to Cultural Affairs

Sub-programme 2.2: Arts and Culture

to facilitate the development, preservation and promotion of arts and culture in the Western Cape, through the creation of effective and vibrant functioning arts and culture structures, activities and environments and to support and assist the Western Cape Cultural Commission to execute its legislative mandate

Sub-programme 2.3: Museum and Heritage Resource Services

to promote and preserve heritage through museum services and organisations, to provide for the conservation, promotion and development of the culture and heritage, and further assist heritage resource management by implementing the national mandates of the South African Geographical Names Council Act, 1998 and the South African Heritage Resources Act, 1999

Sub-programme 2.4: Language Services

to promote multilingualism in the Western Cape as part of the building of pride and understanding amongst our people, actively develop the previously marginalised indigenous languages and to facilitate the implementation and monitoring of the Language Policy, and to assist the Western Cape Language Committee (WCLC)

Policy developments

The application of a funding strategy which takes cognisance of changing societal needs and government priorities. Establishment of cultural forums.

Changes: Policy, structure, service establishment, etc. Geographic distribution of services

The key challenges for the Directorate: Cultural Affairs, are to locate its work firmly in the iKapa Elihlumayo strategies and the PGDS by building social and human capital amongst the diverse people and cultures of the Western Cape. Through cooperation and partnerships, the challenge is to secure increased resources and develop policies followed by legislation to forge a 'Home for All' while implementing the constitutional mandates for services in the provincial sphere in art, culture, heritage and language matters. Institutional arrangements between the three spheres of government and the need for cooperative governance to ensure service delivery, despite the obstacles, remain one of the most important challenges. The establishment of broad based community cultural forums in the regions to develop the arts and culture sector and to maximise accessibility of our services to communities through museums and in cooperation with schools, libraries and local government is necessary. The establishment of an independent geographic names committee is required. The Department's contribution to IDPs is seen as strategic and invaluable.

Expenditure trends analysis

In 2005/06 the Department received an additional allocation of R1.335 million for the implementation of the provincial Language Policy increasing to R1.390 million in 2007/08. The transfer of the central language services from Vote 1: Department of the Premier resulted in an additional allocation of R0.7 million in 2007/08. An additional once-off R2 million was allocated to the Department in the 2009 Adjustments Estimate for the Kaapse Klopse Karnaval. From 2009/10 and the MTEF, provision is made for the establishment for the Office of the Director: Museums and Heritage Resource Services.

Strategic objectives as per Annual Performance Plan:

To promote, conserve and manage the cultural historical assets and resources of the Western Cape by rendering various services to 110 beneficiaries.

To promote respect for cultural diversity and the advancement of artistic disciplines into viable opportunities.

To provide effective and efficient professional and administrative support to public entities and organs of state.

To accelerate the transformation of the country's heritage landscape by managing museum and heritage services, to conserve, develop and promote the heritage of the Western Cape through the 28 affiliated museum services and affiliated heritage institutions.

To promote multilingualism, redress past linguistic imbalances and promote the development of the previously marginalised languages as well as Sign Language in the Western Cape.

To foster activities that could contribute to nation building and transformation.

Programme 3: Library and Archives Services

Purpose: To provide comprehensive library and archive services in the Western Cape. The programme is divided into three sub programmes, namely: Management, Library and Information Services and Archives and Records Services. The sub programme Library and Information Services consist of the Central Organisation and the Regional Organisation. The sub programme Archive Services consist of Archives Management and Records Management.

Analysis per sub-programme:**Sub-programme 3.1: Management**

to provide strategic management and support for the components Library and Archive Services

Sub-programme 3.2: Library Services

to provide for Library and Information Services in line with relevant applicable legislation and Constitutional mandates

Sub-programme 3.3: Archives

to provide archives and records management services in terms of the Provincial Archives and Records Service of the Western Cape Act, 2005 (Act 3 of 2005) and any other relevant legislation

Policy developments

Strengthening of the national Community Library Services conditional grant.

Changes: Policy, structure, service establishment, etc. Geographic distribution of services

The *de facto* situation at the moment is that the local administration of the library function is exercised by local governments.

The Directorate Library and Archives Services of the Department of Cultural Affairs is responsible for the following:

Supplying of library material.

Assistance to municipalities in the provision of suitable library facilities.

Professional guidance to library workers and municipal structures and the promotion of libraries.

The municipalities are responsible for the local administration and funding of the libraries, this includes staffing, providing physical facilities and the maintenance thereof.

The Constitution of South Africa, 1996 (Act no 108 of 1996) however, stipulates that all libraries, excluding national libraries, are the exclusive legislative competence of the provinces. The perception with municipalities is that they will have no further financial responsibility for the rendering of library services. The Local Government: Municipal Structures Act, 1998 (Act 117 of 1998) and the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) also do not provide for public libraries and their financing by municipalities. This situation resulted in interim-agreements for 2001/2002 with municipalities to ensure the continuation of rendering of public library services. The Library Service is now trying to set-up new interim agreements, which are merely a confirmation of the status quo until such time as finality on the funding of the administration of public libraries has been reached.

Expenditure trends analysis

In 2007/08 library services received a conditional grant of R16.740 million to assist municipalities to alleviate their critical staff shortage at public libraries. In 2008/09 the conditional grant allocation for public library services was R31.434 million, which was an increase of 87.78 per cent from the 2007/08 allocation. In 2009/10 the conditional grant increases to R40.976 million which is an increase of 30.36 per cent. In 2010/11 the community library services conditional grant increases by 21.14 per cent to R49.638 million.

Strategic objectives as per Annual Performance Plan:

To support and enhance library services to all citizens of the Western Cape.

To ensure a proper records management service within governmental bodies.

To preserve and provided access of archival material.
