Wheelie Wagon

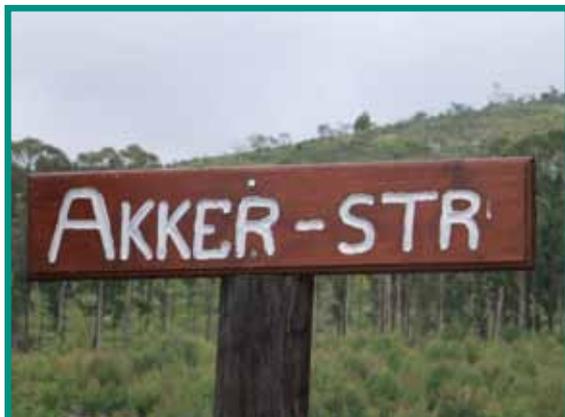

ELNA GOUS

Regional Librarian, George Region

Fairview is a small forestry community about 10 kilometers from Sedgefield. Children from the community attend schools in Sedgefield and Karatara. The kids are transported by bus, which means that they cannot make use of the library facilities in Sedgefield and Karatara.

The community committee identified the need for a library in the community and started discussions with the previous regional librarian, Thunyiwe Mantyi and assistant director, Lubabalo Dzedze. On 23 March 2012 this dream finally became reality when the Wheelie Wagon project was opened.

Fairview looks like a delightful scene of a film based on Dalene Matthee's books. The library is located between 'Akker-straat' and 'Denne-Laan' and on the way to the library you will pass 'Kringe in die Bos Laan', 'Kalendarstraat' and 'Geelhoutlaan'.
