## **Budget decisions**

The implementation of Provincial Strategic Objective 6 will serve as the basis for resource allocation for the 2012/13 financial year. The tough economic climate and the subsequent cuts in budget allocations were taken into account when compiling this budget. Expenditure on non-core business was again interrogated and adjusted so that direct spending on service delivery is not adversely affected.

Allocations to municipalities iro the Human Settlement Development Grant (HSDG) will in future be based on approved projects that are being implemented or are ready to be implemented. This will ensure that the Department delivers on its non-financial targets as per Provincial Strategic Objective 6 and National Outcome 8. The professional resources teams (PRT's) will assist municipalities and the Department to package projects in line with the Strategy and ensure that enough projects are in the pipeline for each municipality to implement. For this reason, indicative allocations, based on 80 per cent of the December 2011 allocations as communicated to the municipalities were made in the outer years of the MTEF, except

for the City of Cape Town, whose allocation was earmarked by the National Department of Human Settlements. This allocation will be transferred as per agreed upon payment schedule. The balance of the available funding will be allocated during 2012/13 financial year based on new projects approved and the cash flow projections linked to the projects. Municipalities will also enter into a service delivery agreement with the Department to ensure that delivery is in line with the respective business plans received from municipalities.

### **Aligning departmental budgets to achieve government's prescribed outcomes**

The Department will contribute on National Outcome 8 which was developed to provide strategic focus for Department of Human Settlements. The National Outcome 8 contains the following outputs:

Accelerated delivery of shelter (housing) opportunities;

Access to Basic Services;

More efficient land utilisation; and

Improved (Residential) Property Market.

The Western Cape Government has devised the Provincial Strategic Agenda, which consists of 12 provincial strategic objectives. The Western Cape Department of Human Settlements has formulated the Provincial Strategic Objective 6 which entails strategic outcomes that are aligned to the key outputs of the National Outcome 8. These strategic outcomes are as follows:

OUTCOME 1: Accelerated delivery of housing opportunities;

OUTCOME 2: A sense of ownership, rights and responsibilities amongst beneficiaries, owners and tenants; and

OUTCOME 3: Optimal and sustainable use of resources.

To ensure alignment of budget to the provincial and national strategic priorities, the Western Cape Department of Human Settlements has ensured that the performance indicators and target performance in the 2012/13 Annual Performance Plan are informed by the national and provincial priorities.

## **2. Review 2011/12**

Through the formulation of Provincial Strategic Objective 6, the Department focused its efforts on promoting the provision of basic services, security of tenure and upscaling the People's Housing Programme. While this strategy aims to provide more opportunities to more people, capacity constraints in both the department as well as municipalities were experienced.

As a result, the Department commenced with the establishment of Professional Resource Teams (PRT), which will consist of professionals from the built environment working together in multi-disciplinary teams to undertake human settlements projects. The PRTs will provide municipalities with assistance in various areas, including the formulation of pipelines reflecting short, medium and long term human settlement developments, project development, project packaging and reviewing, assisting with processing of transfers and obtaining title deeds. Five (5) PRT's were appointed and the Department is in an advanced stage in appointing the final two. All Districts and the Metro, as well as People's Housing Process (PHP) will be serviced by the PRT's.

Also in the review year, a study was commissioned to determine the backlog of title deeds and to identify methods to reduce the backlog.

Furthermore, a review of the PHP programme was conducted and resulted in the identification of several shortcomings. In response, a revised PHP policy was adopted, and will be implemented in the 2012/13 financial year.

The Provincial Minister for Human Settlements approved a provincial policy to enhance a serviced site so that beneficiaries will have access to basic services (water and sanitation). This is in line with our strategy to upscale the provision of services, while down-scaling on top structures.

### **3. Outlook for 2012/13**

In the 2012/13 financial year, the Department will put measures in place to support the outcomes stated in the Strategic Objective 6, as adopted by the Western Cape Government in 2011. One of these measures include the operationalisation of the Professional Resource Teams (PRTs), which will assist municipalities with project packaging, security of tenure and unblocking of PHP programmes. The Department further intends to expand the municipal project pipelines to ensure that there are enough new projects that are implementation ready so that serviced sites can be prioritised without putting expenditure at risk. The implementation of the enhanced serviced sites will also be fully implemented in all municipalities.

In addition, the Department will implement a standardised minimum criteria for the selection of beneficiaries, specifically designed for municipal use. This will ensure housing opportunities will be allocated in a fair and transparent fashion while also taking the demographic profile and housing needs of local communities into account.

It is expected that the Department's internal delivery environment will be significantly improved following the introduction of the Project Management Unit. An integrated system was developed which captures all project information and which will assist managers in tracking, monitoring and reporting on projects whose organisation life spans over a number of years.

### **Donor funding (excluded from vote appropriation) - None**

## **5. Payment summary**

### **Key assumptions**

National and Provincial Cabinet's delivery priorities for the 2012/13 MTEF are reflected, especially the housing sectors' development priorities.

Provincial and municipal development strategies and budgets are aligned.

Salary adjustments are based on wage agreements.

Adjustments on inflation related items are based on the CPIX projections.

Expenditure on housing grants is based on conditional grant allocations from the National Department of Human Settlement and housing policies. Allocations to municipalities are informed by the Provincial Spatial Development Framework (PSDF), the Strategic Infrastructure Plan (SIP), the 2006 Sanitation Study and the Provincial Strategic Objective 6. The 2012/13 allocations were based on the readiness of projects, while the outer years were not allocated to ensure that allocations are aligned to the above.

### **Provincial Priorities**

The departments' strategic plan is aligned to the twelve provincial strategic objectives of the Western Cape government.

The department has identified 3 broad outcomes to address problems and constraints in line with the Provincial Strategic Objective 6 (PSO6). These outcomes are as follows:

OUTCOME 1: Accelerated delivery of housing opportunities;

OUTCOME 2: A sense of ownership, rights and responsibilities amongst beneficiaries, owners and tenants;  
and

OUTCOME 3: Optimal and sustainable use of resources.

## National priorities

The critical issues that dominate the national agenda are reducing poverty, and addressing the legacies of apartheid planning through the implementation of the key outputs and programmes of the National Outcome Statement 8. These key outputs include:

- Accelerated delivery of shelter (housing) opportunities;
- Access to Basic Services;
- More efficient land utilisation; and
- Improved (Residential) Property Market.

## **6. Programme description**

### **Programme 1: Administration**

**Purpose:** To provide overall management in the Department in accordance with all applicable acts and policies.

#### **Analysis per sub-programme**

##### **Sub-programme 1.1: Office of the MEC**

to provide for the functioning of the Office of the MEC

##### **Sub-programme 1.2: Corporate Services**

to provide corporate support that is non-core for the Department

to provide corporate support to Vote14: Local government

To make limited provision for maintenance and accommodation needs

#### **Policy developments**

The programme continuously supports the Department in effectively and efficiently implementing its responsibilities. More focus will be directed to the institutionalisation of departmental planning, reporting and project management.

#### **Changes: Policy, structure, service establishment, etc. Geographic distribution of services**

The Department of the Premier (Organisational Development) is investigating the Department's current organisational structure to re-align the Departmental structure to the revised business/delivery model we implemented. It is envisaged that the macro structure will be completed by 31 March 2012. The development of the micro structure will be done in the 2012/13 financial year.

The Department aims to strengthen its project management and consumer care capabilities. These capabilities will allow the Department to better contribute to creating an environment in which civil society is able to engage more effectively with the state.

The monitoring and evaluation capabilities will be strengthened to promote sustainable resource use and ensure good returns on the Department's investments. To increase the development of relevant skills in the Province, the Department will continue to provide bursaries to both staff members and members of the public who are interested in obtaining a qualification in the built environment. The Department has created a paradigm shift in the manner in which it renders its services. This shift is a result of the development of the Service Delivery Improvement Plan, which aims to enhance the level of consultation and service delivery within the Department. This plan will be mainstreamed in all departmental policies, strategies and programmes.

#### **Expenditure trends analysis**

The increase from the 2011/12 main budget to 2012/13 is due to normal inflationary increases reflected over the MTEF period while cutting down on non-core expenditure and other efficiency measures.

**Programme 2: Housing Needs, Research and Planning**

**Purpose:** To facilitate and undertake housing delivery planning.

**Analysis per sub-programme****Sub-programme 2.1: Administration**

to provide administrative and/or transversal project management services

**Sub-programme 2.2: Policy**

to provide a regulatory framework for Housing delivery

to develop policy guidelines, proclamation of Acts and Amendments

**Sub-programme 2.3: Planning**

to develop provincial Multi-Year Housing Development Plans

to properly plan provincial multi-year strategic housing plans by October each year

**Sub-programme 2.4: Research**

to conduct research on demand for housing

**Policy developments**

The Department utilises the Provincial Strategic Objective 6 (PSO6): *Developing Integrated and Sustainable Human Settlements for all* as a tool to promote the creation of sustainable human settlements. The main focus of PSO6 is to upscale the delivery of serviced sites with aim of ensuring that majority of Western Cape citizens reside in habitable and adequate living standards. This strategy is in accordance with the strategic priorities of the National Outcome Statement 8. It further takes into cognisance the principles of the National Breaking New Ground Comprehensive Housing Plan for Human Settlements.

To expedite the process of rolling out the strategy, the Department developed the Housing Demand Data Improvement Programme (HDDIP) to ensure efficacy and efficiency in the management processes of the housing waiting lists. The HDDIP will also consist of the Provincial Housing Needs Register (PHNR). The Department is in process of developing the Selection Guidelines to promote standard procedure for all the Western Cape municipalities on how to do selection for housing beneficiaries. The Selection Guidelines further seek to ensure fairness in the housing allocation process which is one of the bedrock of the PSO6.

The Department developed *Moving exterior on-site toilets into the main house* policy with an intent of promoting the needs of the elderly in housing delivery chain. The main rationale behind the formulation of the said Policy was to create safer environment for the housing beneficiaries as well as promote their living standards in line with the principles of the National Outcome Statement 8 and strategic priorities of PSO6.

To accelerate the delivery rate of housing opportunities, the Department is in the process of developing the policy guidelines for the Emergency Housing Programme. These policy guidelines are aimed at providing clear guidelines and specific list of exclusionary circumstances and scenarios, where the EHP will not be applicable. Currently, municipalities are utilising the Emergency Housing Programme for security and maintenance services, which is strictly prohibited in the EHP Policy and is not replicable.

In providing effective regulatory framework for housing delivery, the Department has embarked on a process of amending the Western Cape Housing Development Act [No. 15 of 1999]. The main rationale behind the amendment is to disestablish the Western Cape Housing Development Fund because it is defunct. The amendments will also intend to promote the accreditation of municipalities.

### **Changes: Policy, structure, service establishment, etc. Geographic distribution of services**

The strategy encourages the Department to consider the provincial priorities when allocating its scarce resources.

The strategy seeks to ensure that citizens of the Western Cape who live in a variety of different situations are aware of and can easily access a wide range of housing services and instruments that can assist them to participate in the development of a sustainable human settlement of their choice.

The Department will continuously ensure that its institutional capabilities and those of other provincial departments involved in implementation are built to effectively design and implement its strategy. This shift aims to direct the use of state land and other resources for spatial restructuring, with direct and indirect benefits for the poor.

The Department also moved towards a Regional Support approach. Regional managers will represent the Department in specific regions, working closely with Professional Resource Teams and Municipalities to ensure that national and provincial priorities are directed spatially and according to the need of the specific geographical area.

Integrated planning will be enhanced through the Integrated Development Plans of municipalities and the improvement of forward planning of human settlement project pipelines. Professional Resource Teams will be utilised to assist the Department to update the pipelines.

### **Expenditure trends analysis**

Normal inflationary increases are reflected over the MTEF period, including the filling of all vacancies. Professional fees are covered in Programme 3 through the OPSCAP allocation.

## Strategic objectives as per Annual Performance Plan

### Strategic Goal 3: Provide a fairer allocation of housing

Develop a standardised, transparent and fair policy and process for the selection of housing beneficiaries based on improved quality of data and information management.

### Strategic Goal 4: Optimal use of resources and partnerships

Enhancing the supply of new rental housing opportunities and encouraging improved Property Management of rental stock.

To increase sustainable resource use, which includes exploring alternative technologies, design, layout, topography etc.

Increase private sector investment in the delivery of housing.

### Strategic Goal 5: Introduce a co-ordinated approach for human settlements through effective Integrated Development Planning/Human Settlement Planning

Assist high potential municipalities to become accredited as housing developers.

Strengthen support to municipalities.

## **Changes: Policy, structure, service establishment, etc. Geographic distribution of services**

The creation of the Directorate: Regional Support has seen focused and closer co-operation between the department and municipalities. Regional Managers take responsibility for addressing the human settlement development per district and will work closely with the professional resources teams to assist municipalities in planning their human settlements in line with the provincial and national strategy.

#### **Strategic Goal 6: Fully functional department capacitated to deliver services**

Create Organisational Programme Management capability.

### **Expenditure trends analysis**

The increase in the budget from 2011/12 and over the MTEF is due to an increase in the Human settlement development grant (HSDG) to make provision for normal inflationary pressures.

## Programme 4: Housing Asset Management Property Management

**Purpose:** To plan, facilitate and develop integrated and sustainable human settlements.

## Analysis per sub-programme

**Sub-programme 4.1: Administration**

administration support funded from equitable share

**Sub-programme 4.2: Housing Properties Maintenance**

to provide for the maintenance of housing properties

**Changes: Policy, structure, service establishment, etc. Geographic distribution of services**

No major structural changes were effected. The Department opened a small office in Belhar to make its services more accessible to the public iro the Extended enhanced discount benefit scheme (EEDBS) and plans to roll it out to other areas qualifying for this programme. Shifts in policy can be deduced from the strategic objectives detailed below.

The Department is also in the process of transferring the properties of the Ex-Western Cape Housing Development Board to municipalities and qualifying beneficiaries. The devolution of the properties to municipalities is subjected to stringent conditions and according to the Provincial Cabinet's conditions.

## Strategic objectives as per Annual Performance Plan

### Strategic Goal 2: Inculcate a sense of ownership, rights and responsibility amongst housing

To promote security of tenure through effecting transfer to qualifying beneficiaries.

Educate beneficiaries on their rights and responsibilities of home ownership and rental.

Increase beneficiary involvement in development of housing opportunities.

### Strategic Goal 4: Optimal use of resources and partnerships

Increase the density of new housing development on well-located land.

Enhancing the supply of new rental housing opportunities and encouraging improved Property Management of rental stock.

To increase sustainable resource use, which includes exploring alternative technologies, design, layout, topography, etc.

Increase private sector investment in the delivery of housing.

## Expenditure trends analysis

The decrease in the allocation is due to the reduction in outstanding municipal accounts due to transfers of properties to beneficiaries and municipalities. Furthermore, most outstanding municipal accounts were brought up to date during 2011/12 and only current accounts exists.
